

Cumie Carol Dunio

Singer · Voice artist · Music producer · Sound and consciousness practitioner

Sa Pobla, Mallorca, and international · cumie@cumie.com · cumie.com

American singer, songwriter, voice artist and producer based in Mallorca, with more than twenty-five years of live performance, studio work and teaching. She sings in more than twenty-five languages — overtone singing, sacred and world music, mantra, soul and Gospel, freeform improvisation — in concert halls, festivals, cathedrals, monasteries and caves across Europe, the United States, Canada and Africa.

Her artistic practice has grown alongside two decades of study in sound, meditation, consciousness and breathwork. That is what her concerts, sound baths and workshops are made of: an invitation to listen, breathe and become present.
